COYOTE

1958

If this book in the years to come gives you one pleasant hour spent in reminiscing - recalling fond memories of those carefree years spent in B. H. S., those years when you as a student, learned to be cheerful when the going seemed rough as well as when things ran smoothly. If it does this, and nothing more, then our work will not have been done in vain.

BARBARA LANELL SHARP

IN MEMORY

SENIOR 1957

"To know her was to love her,"
Because from day to day
She brought such happiness to those
She met along life's way...
The memories she left behind
Will always linger too,
An inspiration and a joy
To everyone she knew.

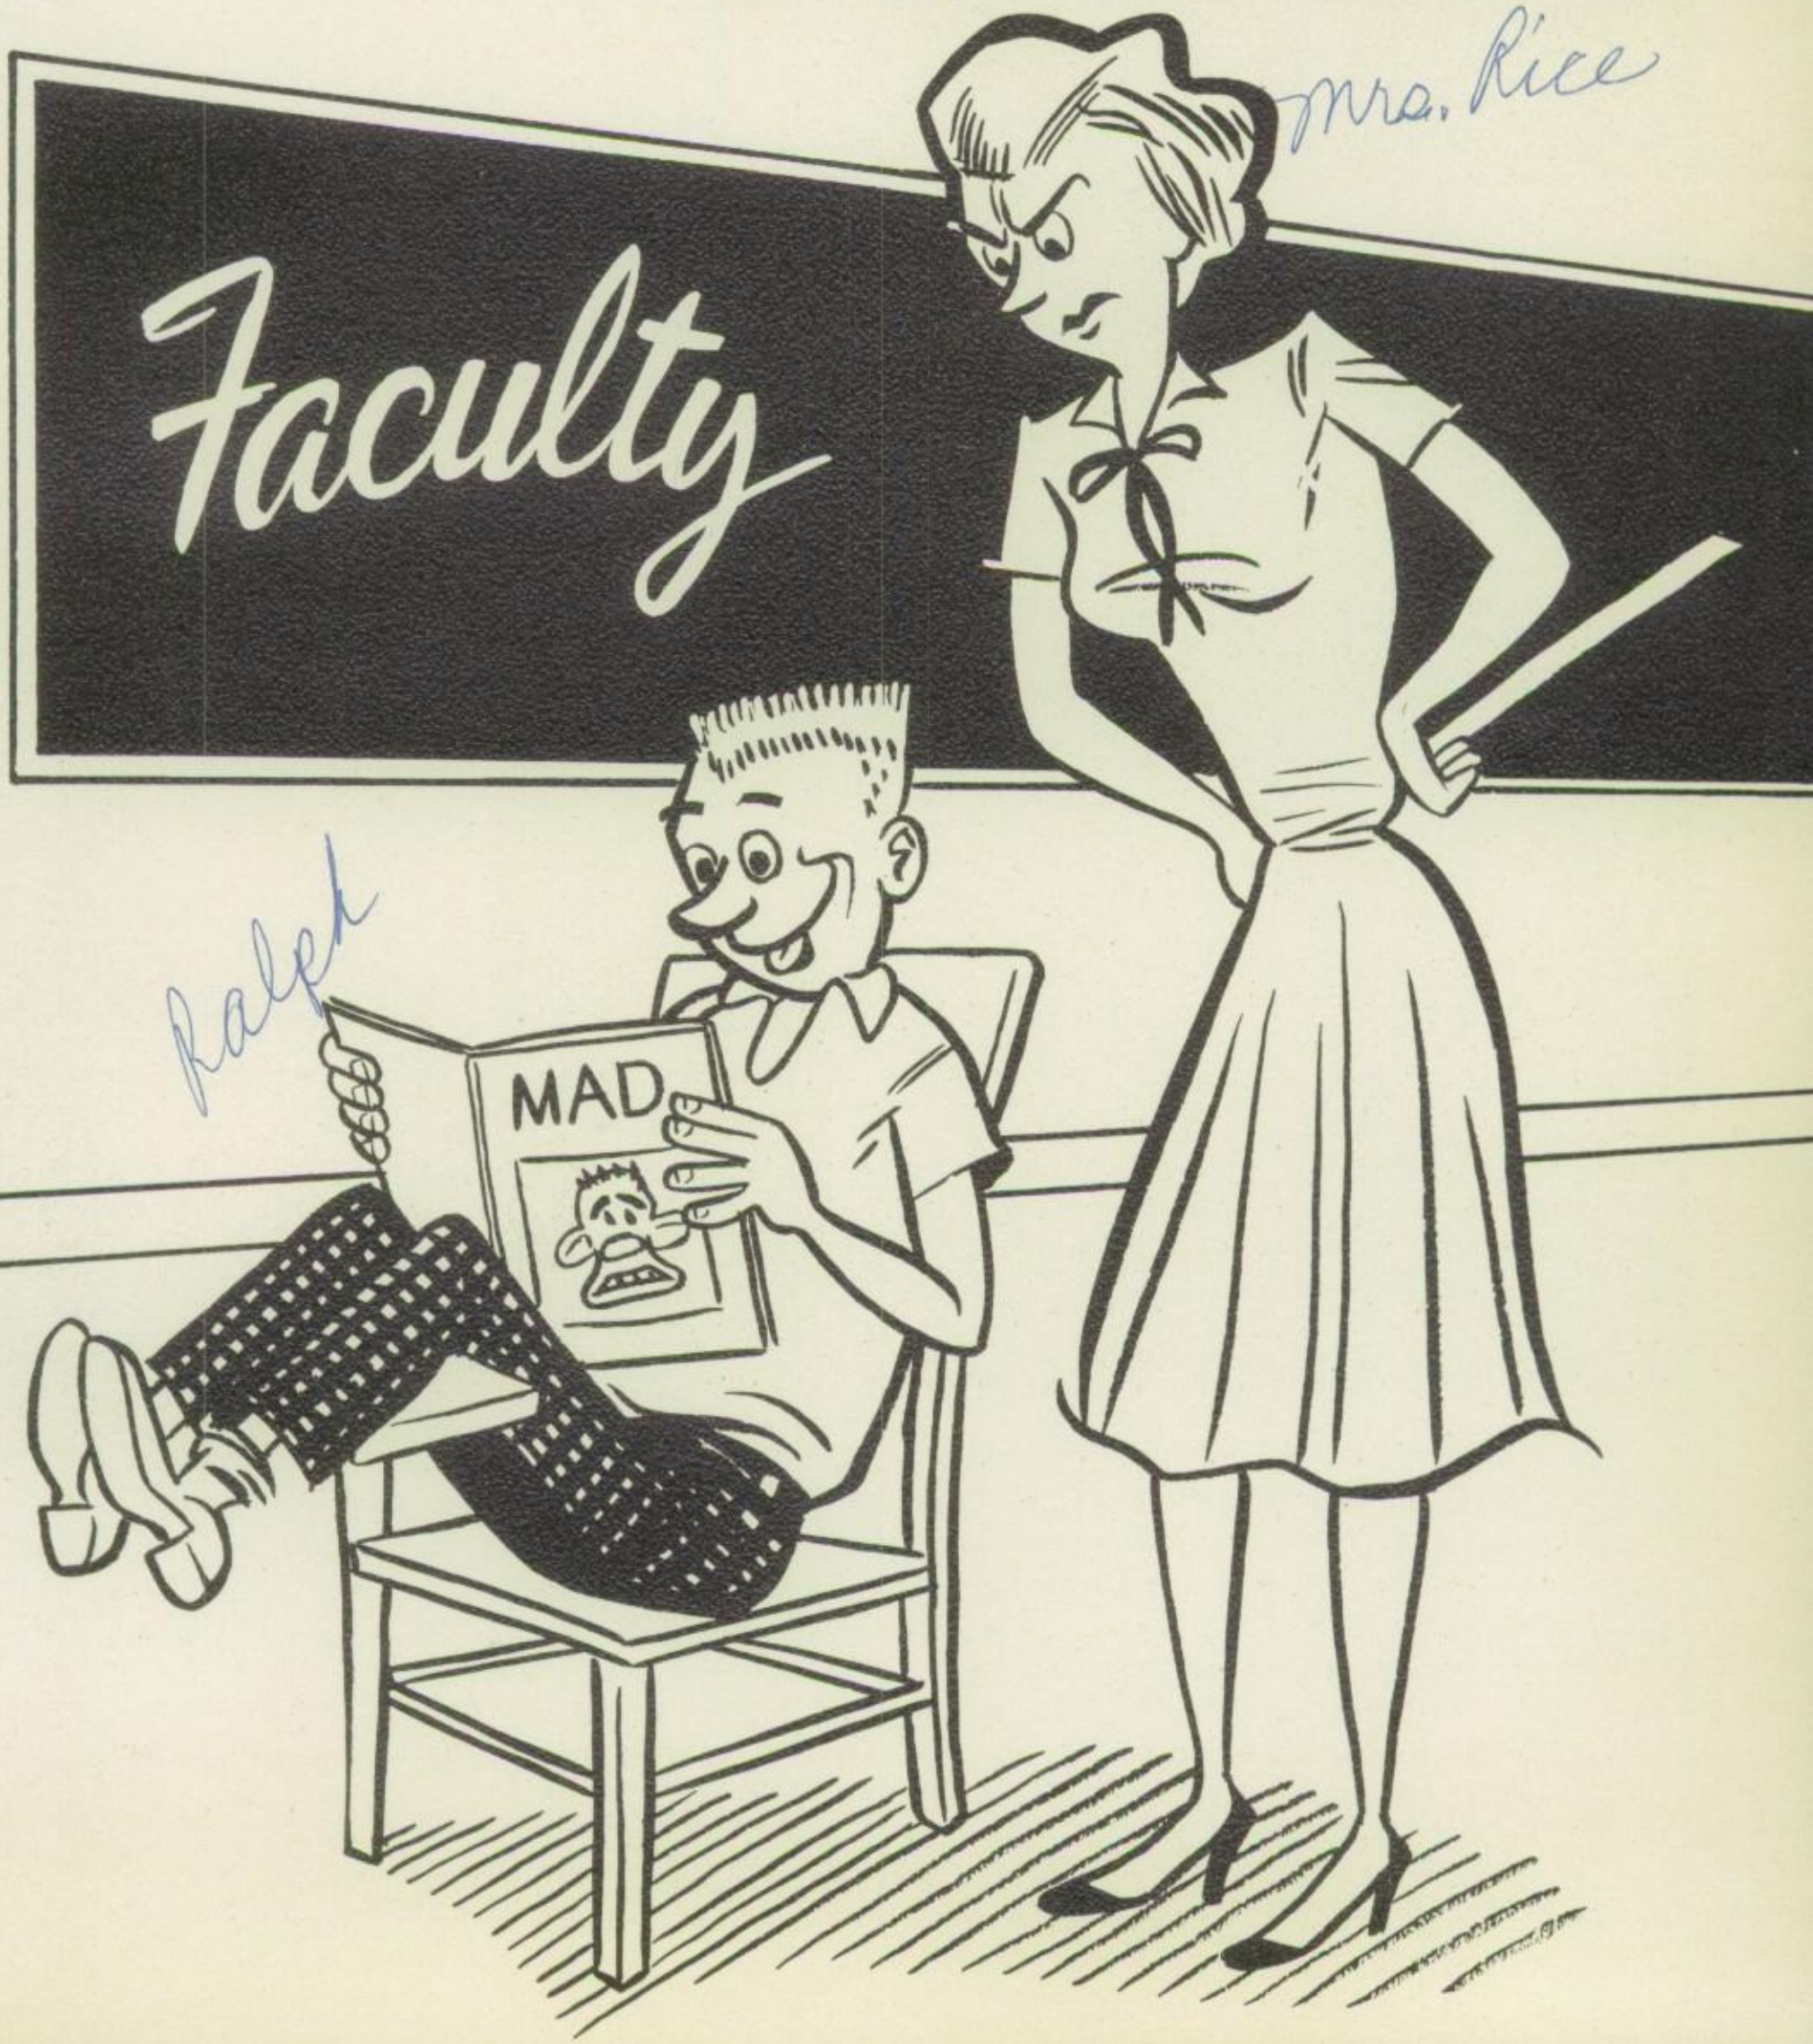
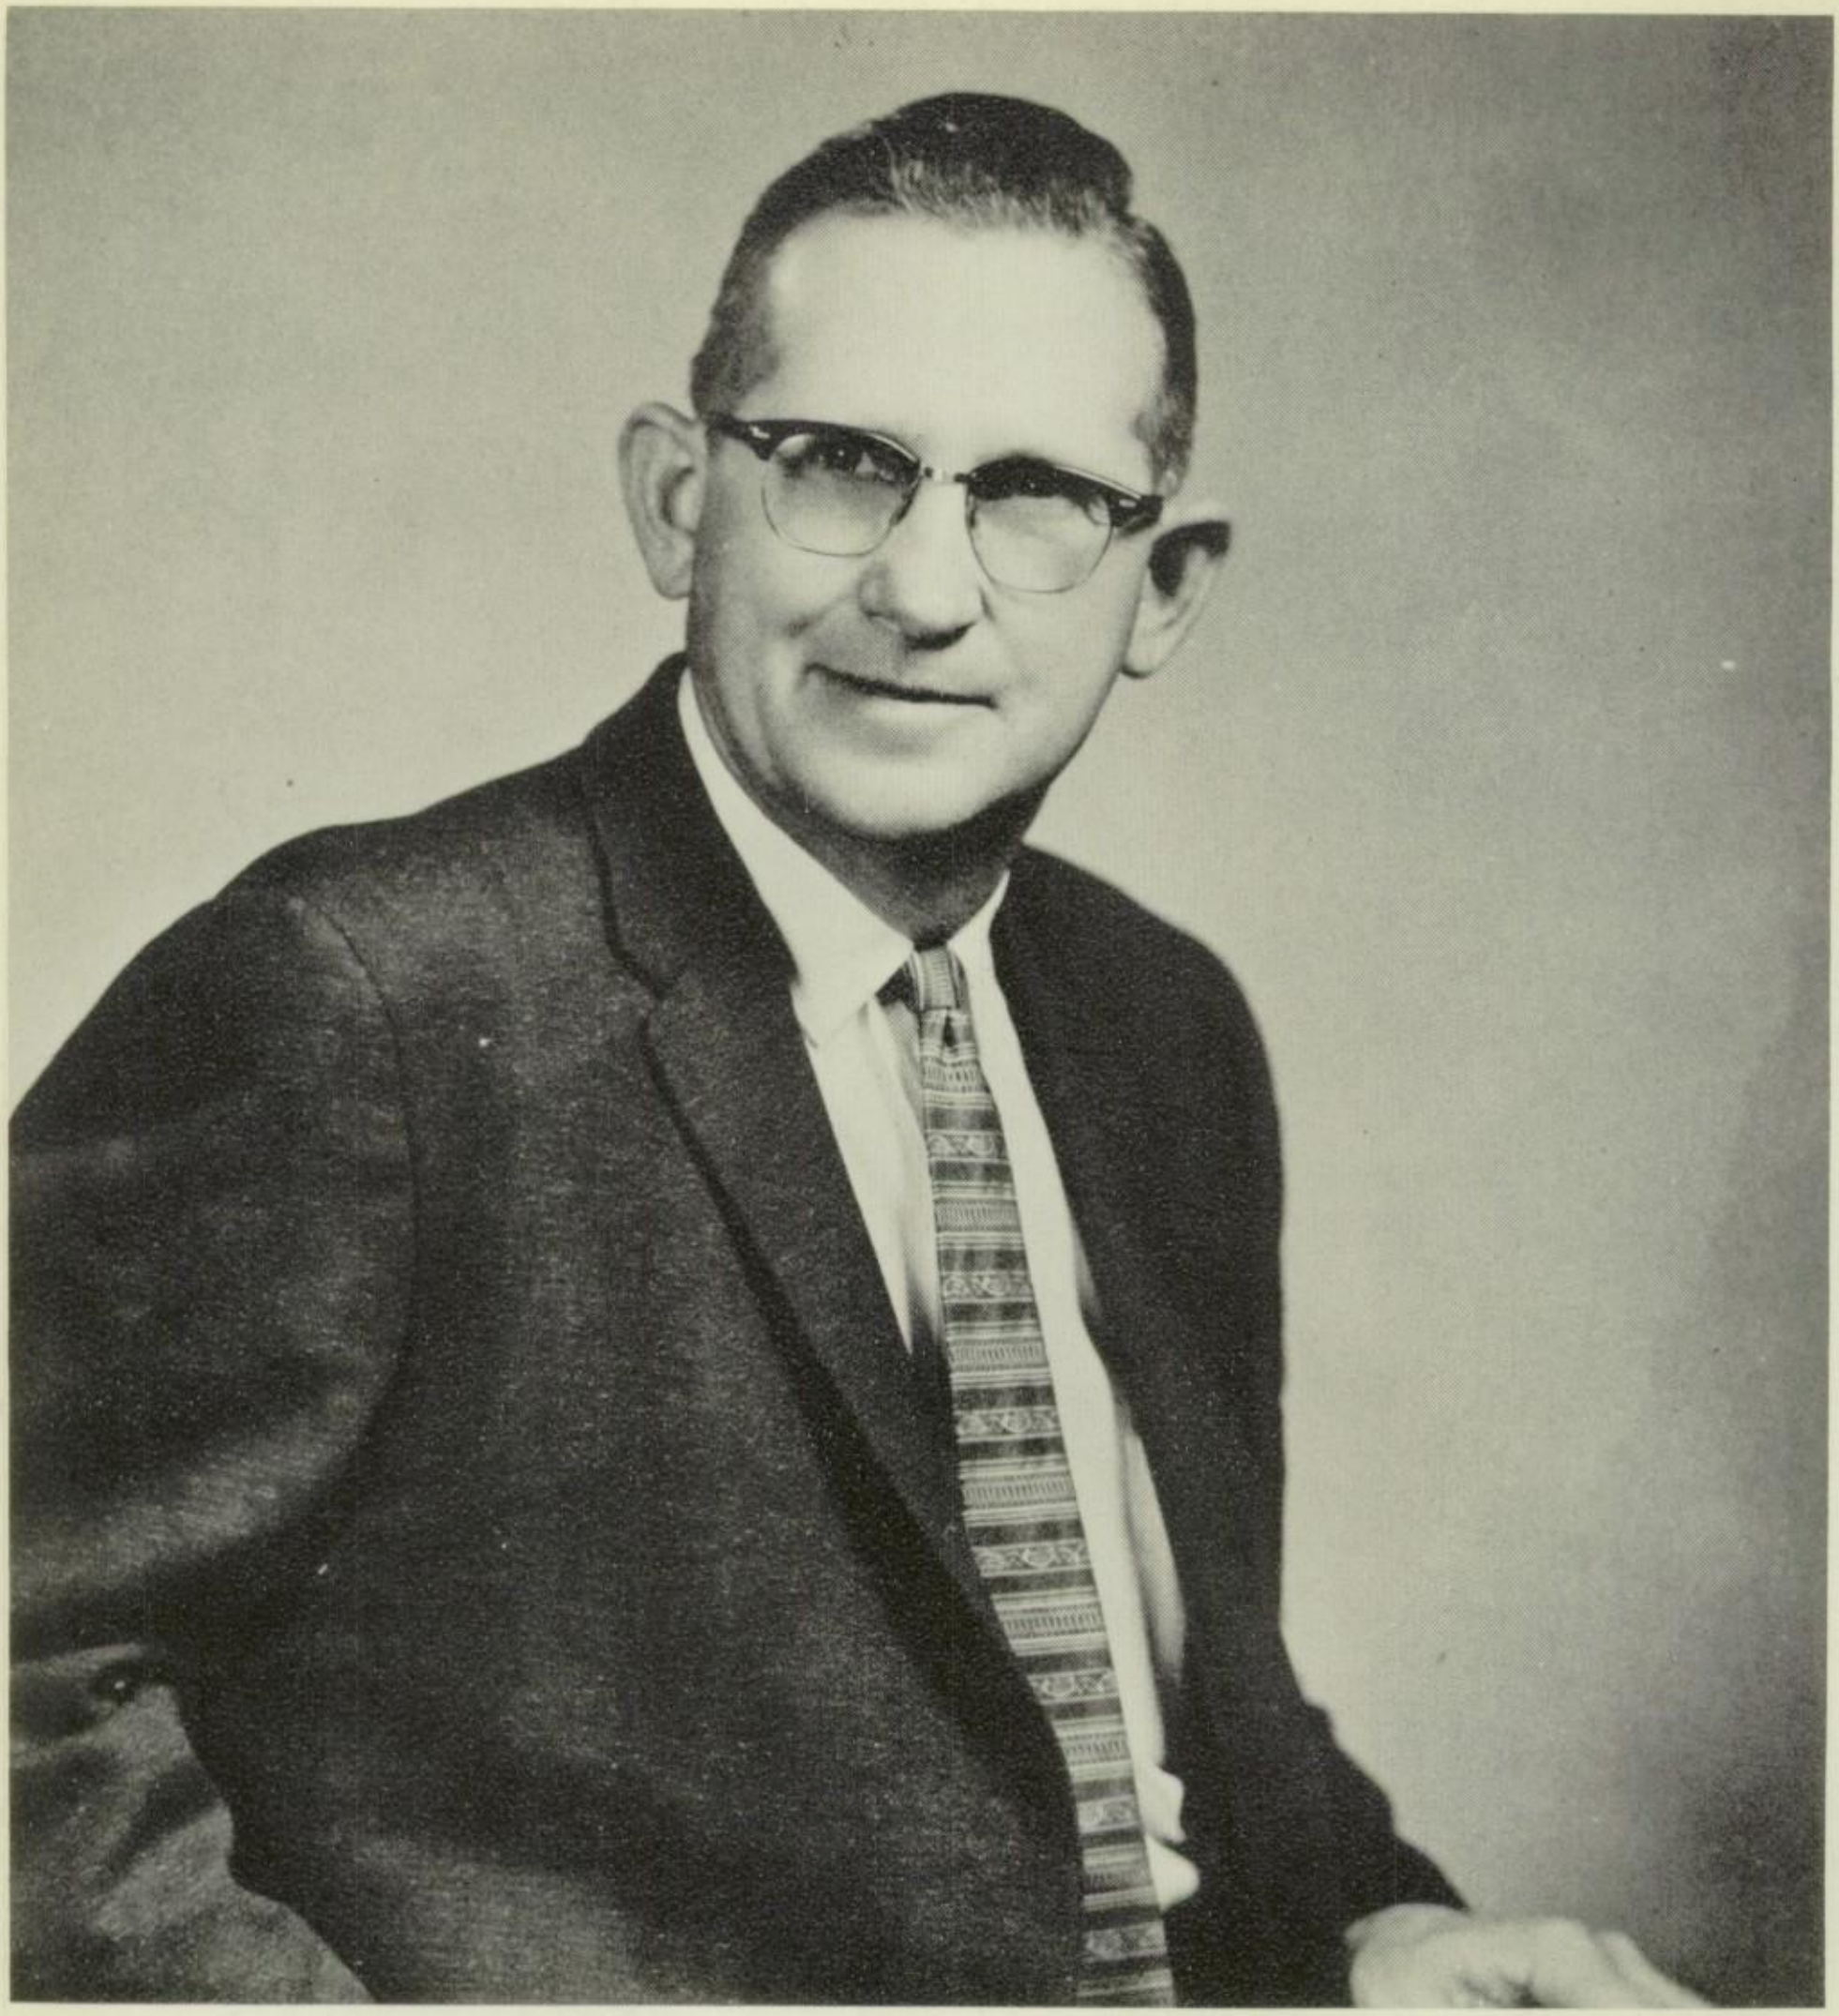
The object of the P. T. A. is to develop between educators and the general public such united efforts as will secure for every child the highest advantages in physical, mental, social and spiritual education.

"I'VE GOT MY EYES ON YOU"





To the Pupils of Borden County Schools:

We are indebted to Mrs. Hollis and her staff for this, the sixth beautiful yearbook of our schools.

Recent developments of Sputnik and other modern scientific discoveries have focused the eyes of the world on education. Never before has the future of our way of life depended so much upon the schools of our land. You are reminded that you owe it to your-self and to society to meet this challenge in such a way that it will give credit to our nation and to the world.

Sincerely yours,
S. P. Stewart, Supt.
